Subject: RJC Mining Supplement - third and final comment period
Date: Thursday, 17 September 2009 5:19:28 PM

Dear Interested Parties of the Responsible Jewellery Council,

Firstly my apologies for any cross posting.

The final consultation drafts for the RJC Mining Supplement material have been posted to the RJC's website for public comment. http://responsiblejewellery.com/supplement.html

The RJC would greatly appreciate any feedback you might have as to the scope and sufficiency of these mining-specific additions to the RJC Code of Practices and their associated Standards Guidance.

The public comment period will be open for 30 days until Friday October 16, 2009. The RJC aims to finalise the Mining Supplement and re-release the RJC system documentation in December 2009.

If you would like any further information or have any questions about this material, please contact either Fiona Solomon at fiona.solomon@responsiblejewellery.com, or me.

Best wishes,

Michael L Rae
