RJC CERTIFIES EUROSTONE LTD IN ISRAEL

LONDON - RJC announced today that Eurostone Ltd has achieved Certification against the 2013 Code of Practices (COP) at its diamond trading offices in the Ramat Gan Diamond Exchange complex in Israel and its diamond manufacturing operations in Chiang Mai, Thailand. The 2013 COP was released in November 2013.

“It is a pleasure to announce Eurostone Ltd has been certified against the 2013 COP. The new provisions under the 2013 COP address important issues for our Members and their supply chain. We are thrilled to see Members achieving Certification against the standard and warmly congratulate Eurostone Ltd,” says Andrew Bone, RJC’s Executive Director.

The successful verification assessment was led by Jeff Zucker from SGS United Kingdom Limited, one of the independent third-party auditing firms accredited by the RJC.

“For Eurostone, achieving RJC certification is an important step in enhancing our company profile. As a diamond supplier that operates in the high-end jewellery manufacturing sector and the luxury watch industry, RJC Certification is a *sine-qua non*, as it instills confidence among our clientele through our adherence to sustainable and responsible business practices,” said Pini Netzer, CEO of Eurostone Ltd.
