RJC RE-CERTIFIES FIRESTAR DIAMOND BVBA

LONDON - RJC announced today that Firestar Diamond BVBA has achieved Certification against the 2013 Code of Practices (COP) at its Trading Office in Antwerp, Belgium. The 2013 COP was released in November 2013.

“It is a pleasure to announce Firestar Diamond BVBA has been certified against the 2013 COP. The new provisions under the 2013 COP address important issues for our Members and their supply chain. We are thrilled to see Members achieving Certification against the standard and warmly congratulate Firestar Diamond BVBA,” says Andrew Bone, RJC’s Executive Director.

The successful verification assessment was led by Ann Van Vlaenderen from Figurad Bedrijfsrevisoren, one of the independent third-party auditing firms accredited by the RJC.

“Firestar Diamond BVBA is honoured to obtain RJC Certification for the next three years. It is an acknowledgement of our commitment to the highest standards of corporate, social, environmental and ethical standards,” says Neeshal Modi, Director of Firestar Diamond BVBA.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 600 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC’s Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.
