PIBOR ISO SA ACHIEVES RJC CHAIN-OF-CUSTODY CERTIFICATION

LONDON - RJC today announced that Pibor ISO SA has achieved Certification against the RJC Chain-of-Custody (CoC) Standard at its manufacturing facility in Glovelier, Switzerland.

“RJC is delighted to congratulate Pibor ISO SA on having achieved RJC CoC Certification. CoC Certification provides a mechanism for Members to demonstrate how they are implementing the OECD Due Diligence Guidance for Responsible Supply Chains,” says Andrew Bone, RJC’s Executive Director.

Pibor ISO SA’s CoC Certification results from a successful verification assessment conducted by Michel Mooser from SGS United Kingdom Limited, an international auditing company accredited by the RJC.

“Being certified against the RJC CoC standard once again highlights Pibor’s commitment to promoting responsible and ethical practices in our business. Our CoC Certification follows shortly after being certified against the RJC COP in February 2016,” says Cédric Bourquard CEO at Pibor ISO SA.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 700 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC’s Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.

The RJC is a [Full Member of the ISEAL Alliance](#) – the global association for sustainability standards. For more information on RJC Members, Certification, and Standards please visit www.responsiblejewellery.com

About Pibor ISO SA

Independent family-run company founded in 1952 in Glovelier, at the heart of Jura and in the Watch Valley, Pibor employs nowadays nearly 150 collaborators, over an area of 8500 m².
