### *Provenance claims*

Not applicable

### *Auditor statement of conformance*

Based on the scope and findings of the audit, the sites visited and the available information provided by the member:

- The member has demonstrated a conformance level consistent with a 3 year certification period.
- The member has demonstrated a conformance level consistent with the transitional 1 year certification period for 1 year.
- The member is not eligible for RJC certification due to having four consecutive 1 year certification outcomes.
- Critical breaches have been identified and the RJC management team should initiate disciplinary procedures.

### *Mid-term review*

Based on the scope and findings of the certification audit/re-certification audit, the sites visited and the available information provided by the member:

- A. The member will not require a mid-term review because:**
- No anticipated changes to the certification scope during the certification period.
- Member has < 25 full time equivalent personnel.
- Low risks of changes to current conformance levels and strong management controls.
  
- B. The member will require a desktop mid-term review during the 3 year certification period to review progress on corrective action against non-conformances within 12-24 months, but a site visit is not required because:**
- The actions can be verified remotely; or
- No risk to critical provisions; or
- There are parallel audit programs for equivalent recognised schemes (e.g. De Beers BPP, SA8000, OHSAS18001, ISO14001)

- C. The member will require a mid-term review during the 3 year certification period that will include the need for site visits because:**
- Known and anticipated changes to certification scope during the certification period
  - Certification audit identified >2 minor NCs for critical provisions; or > 4 minor NCs in total
  - New systems and controls for critical provisions that could not be tested at the certification audit
  - Facilities with risk of non-conformances against critical provisions
  - Other compelling reason presented by the lead auditor.

### *Confirmation*

#### **The auditors confirm that:**

- The information provided by the member is true and accurate to the best knowledge of the auditor(s) preparing this report.
- The findings are based on verified objective evidence relevant to the time period for the assessment, traceable and unambiguous.
- The scope of the assessment and the method used are sufficient to establish confidence that the findings are indicative of the performance of the member's defined certification scope.
- The auditor(s) have acted in a manner deemed ethical, truthful, accurate professional, independent and objective.
