|-------------------------------------|---|
| AUDITOR STATEMENT OF<br>CONFORMANCE | Based on the scope and findings of the certification audit, the member has demonstrated a conformance level consistent with a:  |
|                                     | 3 Year Certification  |
| NEXT AUDIT TYPE                     | MID-TERM REVIEW (within 12-24 months):  |
|                                     | A. Mid-term review NOT required due to:   |
|                                     | No anticipated changes to the certification scope during the certification period   |
|                                     | <25 full time equivalent personnel  |
|                                     | Low risk of non-conformances due to management controls   |
|                                     | Existence of parallel audits for schemes recognised by RJC  |
|                                     | Existence of rigorous internal audit programs   |
|                                     | Strong internal controls ensuring effective review and closure of corrective actions for non-conformances   |
|                                     |   |
|                                     | B. Mid-term review (desktop only) required due to:  |
|                                     | No impact on conformance levels from any changes to the certification scope   |
|                                     | 2 or less minor non-conformances with critical provisions or 4<br>or less minor non-conformances in general identified by the<br>audit (not covered by parallel audits for schemes identified as<br>equivalent to RJC's) for an individual member in the mining<br>sector or a non-mining sector member   |
|                                     | Possibility of remote verification of actions   |
|                                     | No risk to critical provisions  |
|                                     |   |

C. Mid-term review (with a site visit) required due to:
 Known and anticipated changes to the certification scope during the certification period
 Member no longer supporting external standards and initiatives recognised by RJC
 3 or more minor non-conformances with critical provisions or 5 or more minor non-conformances not covered by parallel audits for schemes identified as equivalent to RJC's for any non-mining sector member or individual mining facility, if the member is in the mining sector

New systems and controls for critical provisions that could not be tested at the certification audit

Facilities with risk of non-conformances with critical provisions

Other reasons presented by the lead auditor necessitating an onsite verification
