RJC CERTIFIES DELRAY AG

LONDON - RJC announced today that Delray AG has achieved Certification by meeting the highest ethical, social and environmental standards established by the RJC.

“RJC warmly congratulates Delray AG on its Certification. The successful verification assessment was conducted by Jean-François Jenni from Bureau Veritas Italia, one of the independent third-party auditing firms accredited by the RJC,” says Catherine Sproule, RJC’s Chief Operations Officer.

“Delray AG is proud to have achieved the RJC Certification. Such ethical Certification is of paramount importance to our company, whose services and products revolve around the world of high-end jewellery and watches, with a particular attention to precious metals and stones supply. This is the type of achievement that confirms our serious commitment towards the values of sustainability, social responsibility and uncompromisingly responsible sourcing, and the way we run our business: it sets us proudly and confidently ahead,” says Alexander D. Kuenzi, Executive Chairman, Delray AG.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 500 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC’s Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.

The RJC is a [Full Member of the ISEAL Alliance](#) – the global association for sustainability standards. For more information on RJC Members, Certification, and Standards please visit www.responsiblejewellery.com
