RJC CERTIFIES FINE JEWELLERY MANUFACTURING LTD

LONDON - RJC announced today that Fine Jewellery Manufacturing Ltd, the Mumbai based jewellery manufacturer has achieved Certification by meeting the highest ethical, social and environmental standards established by the RJC.

"RJC warmly congratulates Fine Jewellery Manufacturing Ltd on its Certification. The successful verification assessment was conducted by Pankaj Namdeo from Bureau Veritas Italia, one of the independent third-party auditing firms accredited by the RJC," says Catherine Sproule, RJC's Chief Executive Officer - Interim.

"We are happy to have achieved RJC Certification. The consumers are the fulcrum around which all our efforts are concentrated. At Fine Jewellery, we believe in innovation and adaptation of a differentiation strategy to succeed, become leaders and trend-setters in the industry," says Mr. Premkumar Kothari, Chairman and Managing Director, Fine Jewellery Manufacturing Ltd.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 470 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC's Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.

The RJC is a [Full Member of the ISEAL Alliance](#) – the global association for sustainability standards. For more information on RJC Members, Certification, and Standards please visit www.responsiblejewellery.com
