RJC CERTIFIES KUBÉR MANUFACTURING INC.

LONDON - RJC announced today that Kubér Manufacturing Inc. (Kubér) has achieved Certification against the 2013 Code of Practices (COP) at its trading offices in New York, USA.

"It is a pleasure to announce Kubér has been certified against the 2013 COP. The provisions under the 2013 COP address important issues for our Members and their supply chain. We are delighted to see Members achieving Certification against the standard and warmly congratulate Kubér," says Andrew Bone, RJC's Executive Director.

The successful verification assessment was led by Gibson Lemos from Bureau Veritas Italia, one of the independent third-party auditing firms accredited by the RJC.

"Kubér is proud to have achieved RJC Certification. While we have always taken pride in ourselves on conducting business in a responsible and ethical manner, this accomplishment further confirms our commitment to most ethical and responsible business practices in all aspects of our business. This certification conveys our commitment to serve our clients with the best of quality products and services," says Basant Johari, President of Kubér.

About RJC

The Responsible Jewellery Council is an international not-for-profit standards and certification organisation. It has more than 800 Member companies that span the jewellery supply chain from mine to retail. RJC Members commit to and are independently audited against the RJC Code of Practices – an international standard on responsible business practices for diamonds, gold and platinum group metals. The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain. RJC also works with multi-stakeholder initiatives on responsible sourcing and supply chain due diligence. The RJC's Chain-of-Custody Certification for precious metals supports these initiatives and can be used as a tool to deliver broader Member and stakeholder benefit.
